PLAS - O - GRAM <00-11> New MDAP = Revised ACAT 1 Program Codes

PLAS Fellow Travelers,

The office of the Undersecretary of Defense for Acquisition & Technology posted a new Major Defense Acquisition Program List (MDAP) dated June 8, 2000. PLAS veterans know that a new MDAP results in a revised list of ACAT 1 programs in PLAS. The changes are summarized as follows:

New Codes appearing in PLAS on July 3, 2000:

Code	Title	Description
NA038	IAV	Interim Armored Vehicle
NN054	ALAM	Advanced Land Attack Missile
NN055	F/A-18E/F	Active Electronically Scanned Array Radar Upgrade Pgm
NF042	Advanced EHF	Advanced Extremely High Frequency Program
NF043	C-130 AMP	C-130 Aircraft Avionics Modernization Program
NF044	C-5 RERP	C-5 Aircraft Reliability & Re-engininng Program
NF045	WIDEBAND GAPFILLER	Wideband communications satellite system to fill gap between DSCS/GBS and Advanced Wideband System
ND013	JSIMS	Joint Simulation System (Army Executive Agent)

Codes to be hidden in PLAS October 1, 2000:

Code	Title	Description
NA002	AFATDS (ATCCS)	Advanced Field Artillery Tactical Data System
NA007	BLACKHAWK (UH –60L)	Utility Helicopter
NA011	FFAD C2I (ATCCS)	Forward Area Air Defense Command, Control & Intel
NA026	SINCCARS	Single Channel Ground & Airborne Radio System
NA031	ASAS (ATCCS)	All Source Analysis System
NA032	ATACMS APAM	Army Tactical Missile System Anti-Personnel Anti-Material
NF025	B-1 CMUP-JDAM	LANCER Bomber Conventional Mission Upgrade - JDAM
NF037	B-1 CMUP-DSUP	LANCER Conventional mission Upgrade – DSUP (Now reported under NF039 B-1 CMUP)

Notice that we're keeping the programs that dropped off the MDAP visible in PLAS until FY01. In most cases, programs are removed from the MDAP due to being 90% complete.   This means there is still work ongoing in most of these programs. Keeping them in PLAS until October allows our folks a few extra months of charging as these programs wind down.

There is a new web address for the MDAP:
http://friends.acq.osd.mil/ara/dab_oipt/schedule/mdaplist.html .

Questions? Contact us at 1-888-PLASINFO or PLASHELP@dcmdw.dcma.mil. Please note that the PLASHELP e-mail address has changed. The old address will work for awhile.

Respectfully,

Don Peterson
PLAS Program Manager
